Telephone network systems installation

VOIP lab experiment#14

Creating a time group in the PBX

Installation and Repair of Telecommunications Equipment

Name of student:_____

Group Number:_____

Date:_____

Installation and Repair of Telecommunications Equipment

Module 21

Telephone network systems installation

The purpose of the lab is to create a time group for the company in the PBX. A time group indicates the opening / closing time of the company. As well as the start / end day during the week.

- 1- Enter a description
- 2- Enter time to start and closing time of the company operating hours

Add Time Group
